

Deco Place
Academic Tutoring

At Deco Place, we offer **tutoring to primary and secondary students** both individually or in a group. Our tutors are registered teachers - with full police checks overseen by the Victorian Institute of Teaching.

Students endeavouring to improve their academic achievements, as well as those wanting to excel in their studies, are welcome.

At Deco Place, we work with students on specific academic skills. For example, developing number sense, fluent reading with comprehension, identifying helpful spelling strategies, honing writing techniques and preparing organisationally for VCE.

We explore each student's abilities and aspirations through formal assessments and ongoing dialogue and then develop specific learning and life goals.

Academic studies are complimented with insights into:

- Self-esteem
- Social skills
- Emotional intelligence
- Goal setting
- Mapping out strategies for success

Our hope is to empower students to take responsibility in realising their potential for the purpose of establishing and sustaining good health.

Questions are welcome or to organise a visit to our newly renovated premises, **simply contact Ashley at Deco Place 0430 031 444 ashley@decoplace.net**
